

Puppy Pamper Package

Puppy grooming must be done correctly. It is absolutely essential to start off on the right path from the very start.

Puppies are extremely receptive and should be introduced to grooming in a calm, positive and patient manner.

If not done properly, puppies can become hesitant and nervous to be groomed as they progress in life. My puppy package is fully bespoke with a gentle introduction.

Your pup will receive a warm gentle bath using 100% salon grade puppy shampoo. I don't use a velocity dryer on puppies at this stage, I thoroughly hand dry. Next, I will brush and comb their coat and remove any little snags and tangles before trimming their paw pads and to a hygiene cleanse. Lastly cleaning any hair from their eyes.

To finish, I clean their ears, clip their nails and spray with our "Pawfection" fragrance.
